The Summer House

The Summer House is ideal for a small family or those wanting a little more independence or privacy.

It sits in the garden of Munden house and consists of a large bedroom / sitting room. There is a separate fully equipped kitchen with oven, fridge /freezer and microwave. Another door leads to an en-suite shower room with shower cubicle, loo and basin.

The sofa converts into a comfortable sofa bed which is fine for an adult or two children to sleep on. Outside there is a loggia with chairs and a table where you can sit and enjoy the garden whatever the weather.

The Summer House is equipped with a flat screen FreeSat TV with DVD facility and a FM /DAB radio

A full cooked breakfast is served daily in the dining room in the house, however we can offer a luxury continental breakfast served to guests in the Summer House for couples to enjoy the privacy, peace and beauty of the garden location.

All our bed linen is Egyptian cotton, with feather and duck down duvets and pillows. Allergies can be catered for if manmade fibre is preferred, please let us know on booking.

Guest Sitting Room

We have a guest sitting room in the house which you are welcome to use throughout your stay. It is a comfortable place to sit quietly and read, share a pot of tea or enjoy the views of the garden. During the winter, the log burner is wonderfully warming. There are a number of guide books to the area in the sitting room along with maps which you are welcome to use during your time with us. We also have a good selection of board games.

There is a guest sitting room in the house which you are welcome to use during your stay.

The garden has plenty of seating from which you can enjoy the wonderful views over the Blackmore vale.

Dining Room

Breakfast is generally served between 8.30 and 9.30 in the dining room.

A Munden breakfast includes homemade museli, cereals, fruit compote, other seasonal fruits, yoghurt, orange juice and of course tea and coffee. This is followed by a traditional cooked breakfast and toast from bread made at the wonderful Oxfords Bakery next door. In the winter we also offer creamy organic porridge and sinful toffee sauce.

We also can offer you an evening meal, which is freshly prepared and cooked on the day using local and seasonal produce including some of ours. This is a three course meals with a few extras at £25 per person. We are fully licensed and have a small but interesting wine list of Italian wines that are chosen from small family run vineyards that are committed to quality at a reasonable price.

We are located about two miles away from the beautiful town of Sherborne with its historic abbey and castles, plenty of antique shops and tea rooms. Shaftesbury and Dorchester are a short drive away as are a number of National Trust properties and the Jurassic coast.
